

ECO COOLER

Oil, Gas, Petrochemical Projects List				
No.	Project Name	Device type	QTY	Description
1	PETROMAX Company, UAE, Dubai	Rooftop Package Unit	14	With a total capacity of 2,122 TR
2	Laleh Petrochemical Company, Mahshahr, Iran	Condensing Unit	9	With a total capacity of 338.5 kW
3	Shiraz Petrochemical Industries Design and Engineering Company - Pidek Company	Air Handling Unit	1	With a capacity of 3,400 CFM
		Exhaust box	1	With a capacity of 400 CFM
4	Tabriz Petrochemical Company (East Azerbaijan)	Air Handling Unit	1	With a capacity of 7700 cfm
		Condensing unit	1	With a total real refrigeration capacity of 32 TR
5	PIDEC – Petrochemical Industries Design & Engineering Company (Bushehr)	Air Handling Unit	1	1 Air Handling Unit For PIDEK
6	Shiraz Petrochemical Company (Fars)	Air Handling Unit	1	With a capacity of 1000 cfm
7	Tabriz Petrochemical Company (East Azerbaijan)	Condensing unit	4	With a total real refrigeration capacity of 128 TR
		Air Handling Unit	4	With a total capacity of 100,000 cfm
8	Esfahan Oil Refining Company (Esfahan)	Rooftop Package Unit	2	With a capacity of 20 tons of refrigeration
9	Iranian Oil Terminals Company (Kharg Island)	Air Handling Unit	2	With a total capacities of 19,000
		Chiller	2	One air-cooled screw chiller With capacities of 160 tons (cooling)
10	Imam Khomeini Oil Refining Company - Shazand (Markazi)	Rooftop package Unit	2	With a capacity of 24 Ton of refrigeration
11	Bandar Abbas Oil Refining Company (Hormozgan)	Condensing unit	4	With a total real refrigeration capacity of 30 TR
		Rooftop package Unit	4	With a total capacity of 80 Ton of refrigeration
12	Terap Engineering Company – Oil Complex (Tehran)	Dehumidifier	4	With a total capacity of 118,662 cfm
		Condensing unit	4	With a total real refrigeration capacity of 204 TR
13	Lorestan Gas Administration	Chiller	1	With a total capacity of 70 RT
14	Hasheminejad Gas Refinery (Khangiran) (Khorasan Razavi)	Air Handling Unit	1	With a capacity of 6000 cfm
15	Paravan Engineering Company – Tohid Hospital – Fajr Gas Refining (Bushehr)	Chiller	2	air-cooled chillers With a total capacities of 38 tons (cooling)
16	South Pars Gas Complex Headquarters (Bushehr)	Filter	1500	Procurement of 1500 Filter
17	Sarkhoon & Qeshm Gas Refining Company (Bandar abbas)	Rooftop Package Unit	4	With a refrigeration total capacity of 80 tons and aeration of 34,400 cfm
